

We at Ayers Plastic Eggs say "Thanks" to everyone who ordered their Easter Eggs from us in 2007. We look forward to supplying you in 2008. In the meantime, here is our Halloween program for 2007:

HALLOWEEN/FALL FESTIVAL PLASTIC EGG PROGRAM

Our second most popular "Egg holiday" is Halloween. We started selling our **black and orange** egg about nine years ago and sales are growing every year. Many organizations are having "**after dark**" **egg hunts** where the older children bring their flashlights to search for hidden eggs that are filled with toys or candy. While the older kids are taking part in the flashlight egg hunt, the younger kids are enjoying our "**Egg Scramble**" where the eggs are hidden in piles of leaves, straw, etc. Some are having an "**Egg Haunt**" where eggs are hidden near a haunted trail. (See our program below)
